REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of Sandwich:

I am giving with this report a list of all the pupils in the Sandwich schools during the year 1926-27, with their attendance records. This is done that the townspeople may have some of the facts at hand when they consider the problems connected with the schools.

There is a close correlation generally between attendance records and scholarship records. Parents are frequently much surprised in looking at a whole year's record to see how much schooling their children have missed. They should remember too that each day missed really means nearly two days' loss, for the pupil is handicapped in looking up the next day's work.

Facts Relating to the School Problems of Sandwich

Six teachers for seventy pupils.

Large transportation expense in spite of the number of schools.

School houses not attractive within.

Sanitary arrangements poor as a whole and at the Center and North offensive.

High per pupil cost.

Almost nothing for modern equipment, teachers and pupils supplies.

Percentage of attendance in all of the schools save Whiteface a little less than the state average.

Tax rate for schools about the lowest in the State.

Teachers salaries very low.

I have found it difficult to state clearly the problems which confront the school district. There is extravagance and there is parsimony at the same time.

Town of Sandwich

As I stated last year I believe in consolidation for children are better trained as a whole and have more interest in their work when grouped with others of the same age. At present the Center School needs to be considerably improved or a new one with reasonable modern improvements built before it will be possible to convince the people near the old schools of the desirability of a change.

At present there is some excellent work and some high grade teaching in the Sandwich Schools but teachers and pupils have not the environment, equipment and advantages which they should have.

Respectfully submitted,

Ernest W. Small.

Town of Sandwich

To the Citizens of Sandwich:

The following is a brief report of some of the Board's activities for the past year:

The Lower Corner School was opened last fall to a class of eleven scholars. It is one of our best schools with an average of about nine scholars at the present time. A suitable place was found to board the teacher at Sandwich.

The schools were closed, during the winter months, at 3.30 p. m., because of the darkness.

The 1928 Dental Clinic was held in Center Sandwich. Thru the courtesy of the Quimby Trustees and the co-operation of Mr. Young, the Quimby School was opened to the children. Forty-nine scholars were cared for which is about one-half of the school membership. Dr. Clifford B. Learned of Meredith conducted the Clinic.

The condition of the schools is not the best and much should be done to bring them up to the condition they should be. Chick's Corner School should be shingled and much should be done at No. Sandwich to make the school pleasant for the children and a credit to the community. The interior of all the schools should be painted to brighten them up.

The Board wants to thank the citizens and particularly the parents, for their cooperation the past year.

WILLIAM J. O'BRIEN, Chairman.
